

August 23, 2005

Dear Parents,

I like to say I'm excited about what our kids are doing in getting ready for what looks like will be an exciting football season. I apologize for the late timing of this letter but since I started so late this summer I'm still learning about the band program's history.

I understand that we run a concession stand for the football games. This is a great way to provide the funds to help our kids in areas that the students need that extra assistance.

With all of us working it should be easy to keep the concession stand open for the football season.

The main point is that I'd like to meet with you all on Thursday evening August 25, at 6pm for just a short time to say hi and hear your ideas on how we can help the students.

I look forward to meeting you all,

Bruce Dunfee
